

2022 ANNUAL REPORT

#### MESSAGE FROM THE CHAIRMAN AND PRESIDENT

What a year to celebrate! As the invitation to our members indicated, this is our 90th Annual Meeting. August begins our official 90th year serving the great members of our credit union. Isn't it amazing to think that the credit union was formed the same year FM radio was invented by Edwin Armstrong. Many of us remember getting all our news and information from the clear airwaves that FM radio brought. But times do change. Now, we are inundated with, dare we say, too much information always just a swipe away on our cell phones, XM radio, or internet news channels.

Our credit union has changed greatly over the years as well. We are certain that the founding members of the credit union could not have envisioned all the changes with society and this wonderful credit union they formed. In August of 1933, the founding members of Interstate Employees Credit Union had just witnessed the commercial banking system collapsing. Just six months earlier President Roosevelt declared a national banking holiday to allow time for fears to settle in March 1933. The philosophy of looking out for one another and their financial needs without relying on the then banking system was born.

From these humble beginnings, your credit union has gone through many changes and transformations.

In May of 1982, the credit union hired their very first

ever CEO Jean Hoeger and had total assets of \$2.5 million. Prior to Jean, the credit union was run directly from the board level with a few employees. In 1999, when three utilities merged to form Alliant Energy, the credit union followed and changed the name to Alliant Credit Union. In 2005, we welcomed our very first merger partner, Upholsters Credit Union in Dubuque. In 2007, we welcomed in members from Health Services Credit Union. Since then, we have added members from Three I, General Drivers, and Des Moines County Postal credit unions. In January of 2022, we transformed again to better reflect who we are with the name change to AIM Credit Union.

We have much to be thankful for and to be proud of as we closed out 2022. In addition to the new name, we were able to offer additional products and services to our membership. We excitedly introduced our new SavvyMoney program to our members in the first quarter of 2022. This great new service allows our members to have instant access to their credit score, credit report, personalized money-saving offers, and financial education tips on how to improve their credit score and/or maintain an already great score.

As we continue to look for better ways to serve our members, we were also very excited to offer our new ELITE Choice Rewards Mastercard credit card program.

Now members can take advantage of 3 points for gas, 2 points for groceries and 1 point for everything else.

As we experience high inflation, our new program helps members put money back in their pockets.

We were also very excited to begin work on the relocation project for our Burlington branch. We were able to move into our great new branch in Burlington on December 5, 2022. We encourage all members to stop by and say hi to our incredible staff in Burlington and enjoy the new services the branch brings; safe deposit boxes, a drive-up ATM and two drive-up transaction lanes. This new branch better serves our current membership as well as attracts new members with our highly visible location.

In the late summer/early fall, we began discussions with the boards of both The Hub-Co Credit Union and KAH Credit Union in Keokuk, IA. We were very pleased to learn of the similar philosophies of always putting the members first and a dedication to the local employee groups they serve. After each credit union's membership vote, we were honored to be selected as their merger partner. At the beginning of 2023, we welcomed in members from The Hub-Co and KAH credit unions in Keokuk. Not only does this add another branch to the AIM network, but it also affords us the opportunity to serve new employee groups in

an expanded area for AIM. We officially welcome all our new members from those credit unions, and we look forward to helping you achieve your financial goals.

Much was accomplished in 2022 and we are very proud of where your credit union sits today as the largest closed-field of membership credit union in the State of lowa. From the beginning, still today and for generations to come, the focus will always be on our great membership. To all members of the credit union, we thank you for your membership and for taking advantage of our great products and services. Ninety years is a wonderful time to celebrate and reflect, however our work will never be done. We will continue to focus on you and bring you the convenient products and services to help make your life a little easier while also saving you money.

Cheers to all for 90 years and big cheers for the next 90!
